the Egyptian Orthodontic Society in
its 28th version between the 11th and

WHAT IS NEW THIS YEAR?

We have another joint meeting
featuring the Greek Orthodontic Society.

The weather in Cairo is at its best in February. You can
enjoy the warm winter sun visiting the most extensive
collections of antiquities and monuments in the world from
the time of Pharaohs to Khedivial Egypt. Cairo well caters
to international visitors with a diversity of modern hotels,
restaurants and clubs.

We have prepared a great scientific program with 18 international invited
speakers from all over the world. The topics cover well selected clinical
subjects with the scientific evidence behind them. It is guaranteed you
