Dear Angeliki Gounalaki,

After a successful inaugural edition in Sydney, the FDI Young Dentists Forum is scheduled to take place in Istanbul in September, within the FDI World Dental Congress programme.

The forum will give the opportunity to young emerging speakers to share the stage with internationally recognized lecturers. Young emerging speakers will be selected via a speaker contest organized by the FDI Education Committee. As FDI Member, you can endorse one candidate to participate to the contest. The contest is however limited to 20 applicants.

Application Portal will open on **05 February at 11:00 am Swiss time** and will close **on 28 March at 11 am Swiss time, unless the maximum limit of candidates (20) is reached before**. You are therefore encouraged to submit their applicant as soon as possible in the system.

IMPORTANT: To access the portal, you must contact FDI Head Office at (congress@fdiworldddental.org) to receive a unique access link.

You will find attached the detailed contest guidelines. You can also view here a sneak peak of the 2023 Young Dentists Forum held in Sydney.

I remain at your disposal for further information and look forward to receiving your application,

Best Regards

LAETITIA REYMOND
CONGRESS & CONTINUING EDUCATION DIRECTOR
