Subject: Πρόγραμμα JAMRAI 2

Προς Επ. Δ. Σχέσεων

Το πρόγραμμα JAMRAI 2 (2024-2027), χρηματοδοτούμενο από ΕΕ, έρχεται σε συνέχεια του JAMRAI-1, αφορά την αντιμετώπιση της αντιμικροβιακής αντοχής και συμμετέχουν ΕΕ Κράτη, Επαγγελματικές ενώσεις, Ομοσπονδίες, CED / CPME / PGEU / FVE, ΟΟΣΑ, WHO, ενώσεις ασθενών κλπ. Στις 6 Δεκεμβρίου 2024 έλαβε χώρα διαδικτυακή συνδιάσκεψη στην οποία συμμετείχαν το CED, η εκπρόσωπος στην Ο.Ε. Δρ Alessandra Rossi και εγώ από το WG Oral Health. Σας επισυνάπτω την αρχική εισήγηση του συντονιστή Yohann Lacotte, η οποία είναι αρκετά αναλυτική για το πρόγραμμα.

Τέλος, το πρόγραμμα αυτό έχει **liaison πρόσωπο ανά ΕΕ Χώρα και χρήσιμο θα ήταν να γνωρίζουμε** ως ΕΟΟ για τυχόν επαφές σχετικά με θέματα AMR.

Φιλικότατα,

Βασίλειος Σταθόπουλος

Ορθοδοντικός

1 putative pull incentive mechanism

EU-JAMRAI 2 2024 - 2027

EU-JAMRAI 2 at a glance

- **50** million € grant
- **30** countries
 - **27** MS
 - Iceland, Norway, Ukraine
- **128** partners
- **4**-year programme

Europe united in the fight against AMR

EU-JAMRAI 2 keywords

Capacity building (network, sharing, best practices...)

Intersectoral actions

Support national activities (MS, NAP,...)

Education/Training

Work plan - Country engagement

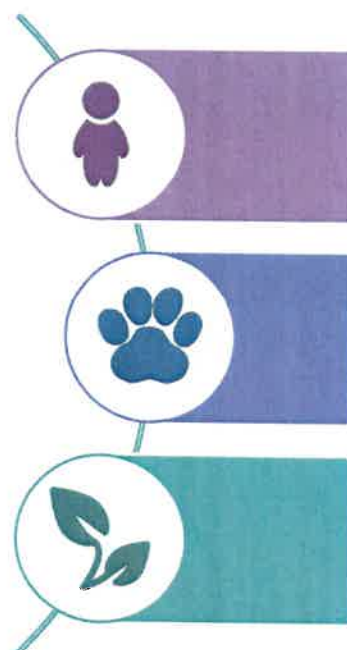

Creation of a "policy-maker" group to discuss AMR related activities

- Representative from Ministries & agencies in charge of AMR action plans
- Through a collaborative digital platform
- Strengthen networks and encourage the exchange of good practices
- Help Member States develop and update their national action plans
- Make the link between national policies and EU-JAMRAI work

1 "JAMRAI liaison" per country

Needs assessment

Development of support programmes for countries

Work plan - stewardship/prevention

- Resources to help with implementation (behavioral and implementation science)
- Pilot interventions

- Define core competencies and standard in various settings
- Tools for the self assessment of practices
- Capacity building programs to promote best practice exchanges
- Experts networks

- Define core competencies and standard in various settings
- Capacity building programs to promote best practice exchanges
- Experts networks

- Resources on the impact of antibiotic prescriptions on the environment
- Inventory of preventive measures to avoid environmental contamination

Work plan - One Health surveillance

- Assess the One Healthness of surveillance systems
- Move toward a more integrated One Health surveillance in EU

- Inventory of existing surveillance initiatives
- Barriers to data collection, storage and sharing
- Roadmap for AMR monitoring with minimum standards
- Strengthening of genotypic surveillance (WGS)

- EARS-Vet full scale implementation
- Cross country data analysis
- Harmonisation and interoperability
- Integration of WGS data (genomic surveillance)

- Inventory of AMR surveillance initiative in the environment
- Roadmap for AMR surveillance in the environment
- EU pilot on AMR surveillance in the environment: EARS-Env
- Explore the integration of data on biocides and fungicides

Work plan - Access & Innovation

Identify important products with access issues

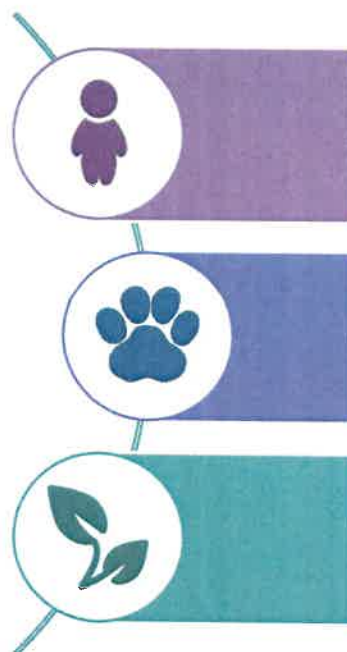

Identify barriers for the broader use of narrow spectrum antibiotics/ diagnostics

Propose tailor made intervention to secure the access to important products

Forum to discuss how to incentivize research and development

Publication of a policy brief on good manufacturing practices

Work plan - Awareness raising

Network of communicators on AMR

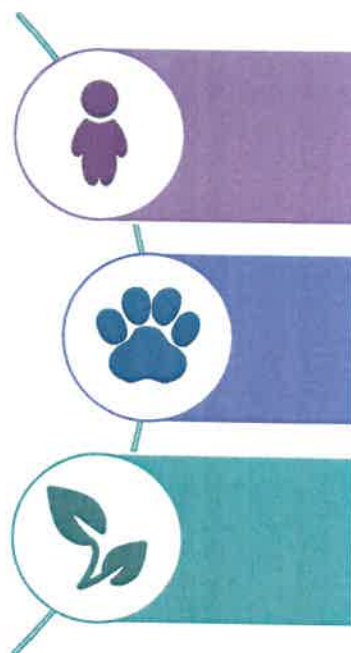

Tools for awareness raising

Communication campaigns

Promotion of the antibiotic resistance symbol

Training tools for children, students, professors, parents...

Antibiotic symbol promotion

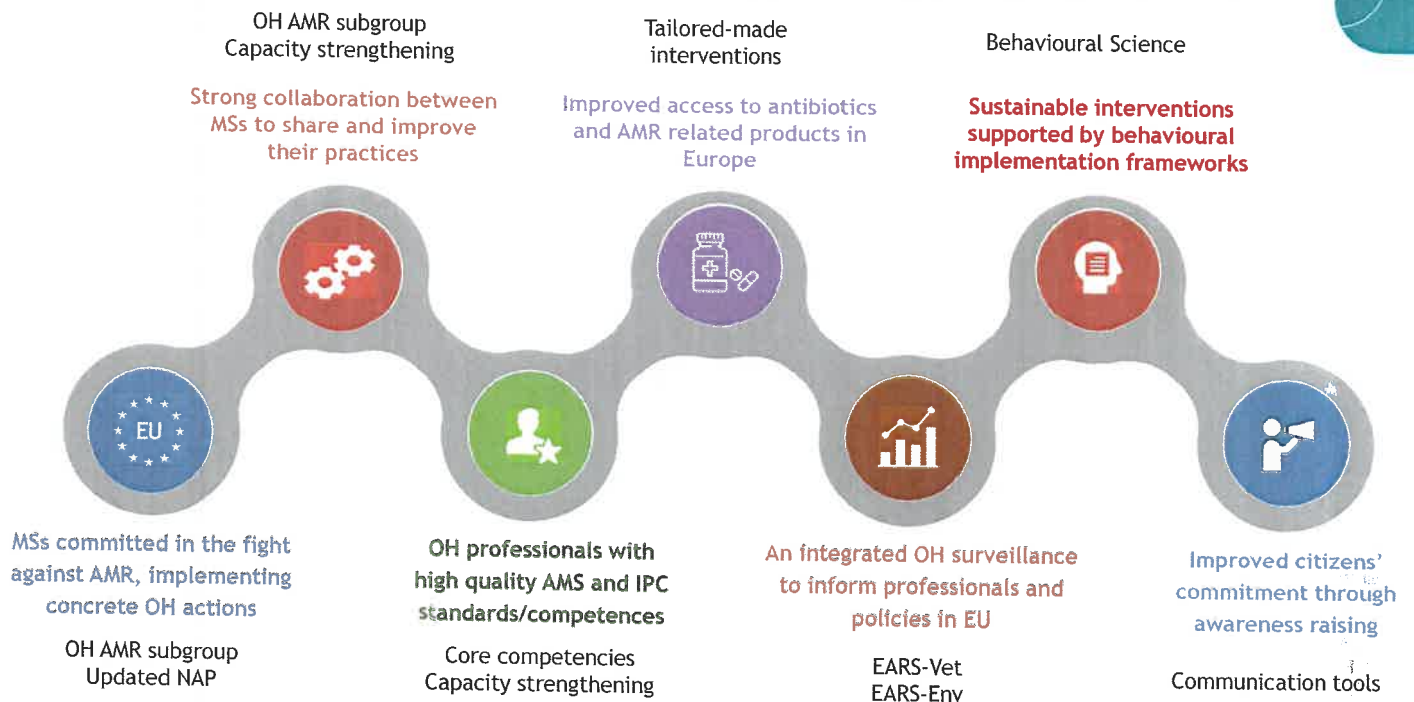

• AMR SYMBOL PROMOTION:

- Media kit update
- **3694 pins** delivered in 12 events including UNGA High Level Meeting

EU-JAMRAI 2 expected outcomes

EU-JAMRAI 2
Stakeholder forum

Inviting key stakeholders to join us

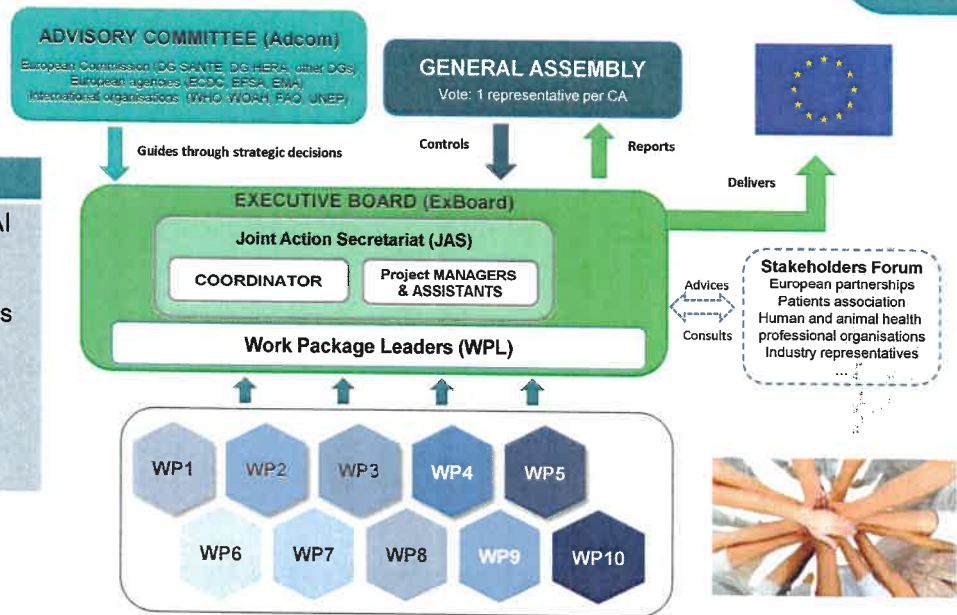

Non exhaustive list

EU-JAMRAI 2 Stakeholder forum

- Join forces to avoid overlaps
- Mutual support

EU JAMRAI	Stakeholders
- Promote events/webinars from stakeholders - Promote documents, reports policy briefs from stakeholders	- Promote JAMRAI activities - Participate in JAMRAI activities - Ensure the sustainability of our work

Sharing of information
Joint activities

Get together & connect with EU-JAMRAI 2

- Join our annual meeting once a year
- Participate in our monthly webinars
- Subscribe to our newsletter
- Share your work with us

**Be active &
create a lively
forum !**

- Join our communicators network
- Give feedback on key EU-JAMRAI deliverables
- Get involved in EU-JAMRAI work

Take home messages

AMR is a global issue

Collective One Health efforts are needed to tackle AMR

Europe is taking the lead in the fight against AMR

Collaboration, best practices
exchanges, data/knowledge and
stakeholder engagement sharing are
keys to success

Thank you!

Yohann Lacotte
